

Ordering pre-printed labels

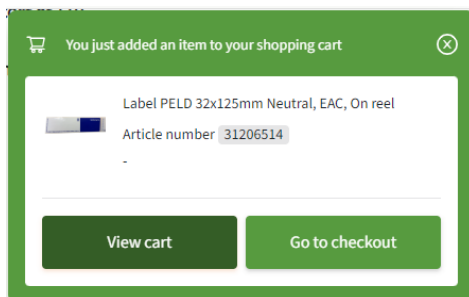

Please note: all printing information such as country of origin and part no. is added in the cart view. It will be clearly indicated when in the process this has to happen (and how) in the following document.

Find the label you need. If it is available for pre-printing it will have a “label” symbol as seen below.

Enter the desired quantity and click the shopping cart icon.

If everything is OK you will see the following popup.

Repeat the above steps for all labels you wish to order. Please note: It is **not** possible to mix pre-printed labels and other items on the same order.

Some labels (so-called "made in" labels) have a set country of origin and can **not** be printed for Volvo part nos. The instructions below regarding printing information **does not** apply to this type of label.

When you've added the desired labels, click the *Cart* link at the top of the page.

In the cart we add the necessary printing info, click the *Add pre-printed label* line to open the popup where entering the info. Add the country and part no and *Save*.
